MUNDULLA ON THE MOVE wants your ideas!

We are canvassing the community for design ideas for a new “Town Entrance” feature

Individual, unique designs that complement the local surroundings will be favoured

Anyone, any group, anywhere is welcome to submit an idea

Guidelines:

- Clarity of design is essential for judging
- Design must feature the name Mundulla
- While not essential, use of local materials would be favourably looked upon
- Design must be able to be clearly seen from at least 100 metres
- Presentation of idea should include measurements and dimensions
- We suggest drawings should be presented on A3 paper
- A model can be presented with the drawing

A numbering system will be used to maintain anonymity during the judging. Judging will be carried out by Mundulla on the Move.

Please note that the decision of Mundulla on the Move will be final. At this stage implementation of the winning design is not guaranteed.
